I. Chapter One: Outpatient Care
   A. Clinic Follow-Up
   B. Home Preparation and Maintenance
   C. Foods to Avoid
   D. Foods That are Allowed
   E. Food Safety
   F. Infection Prevention
   G. Activities
   H. Sun Exposure
   I. Vaccinations
   J. Other Concerns
   K. When to Notify Your Doctor
   L. How to Notify Your Doctor

II. Chapter Two: Infection Prophylaxis
   A. Oral Care
   B. Bacterial Prophylaxis
   C. PCP Prophylaxis
   D. Fungal Prophylaxis
   E. IV Gammaglobulin
   F. Procedure Prophylaxis Nasal Washing Collection for Respiratory Battery
   G. UK Healthcare: Guidelines for the Use of Antifungal Agents in Adult Hematopoietic Stem Cell Transplant and Leukemia Patients

III. Chapter Three: Treatment of Infection
   A. Bacterial
   B. Fungal
   C. PCP
   D. Viral

IV. Chapter Four: Visiting Patients on the Transplant Unit
   A. General Guidelines
   B. Overnight Visitation
   C. Entering the Patient’s Room
   D. Items Taken into the Patient’s Room
   E. Use of the Patient’s Restroom
   F. The Neutropenic Patient
   G. Visitation During Physician Rounds
   H. Visitor Restriction or Removal
   I. Exceptions
V. **Chapter Five: Transfusion Support**  
A. All Blood Products  
B. PRBC  
C. Platelets  
D. Management of Blood/Platelet Transfusion Reaction  
E. Granulocyte Infusions  
F. Granulocyte Transfusion Reactions  

VI. **Chapter Six: Stem Cell Infusion**  
A. Scheduling and Ordering Stem Cell Infusion  
B. Autologous Stem Cell Infusion  
C. Allogeneic HPCT/BMT  
D. Guidelines for Red cell Incompatibility due to ABO types  
E. Guidelines for Red Cell Incompatibility due to Antibody Screen Results  
F. Infusion of Microbial Positive Products  

VII. **Chapter Seven: Pre-Transplant and Evaluation**  
A. Pre-Transplant Testing  

VIII. **Chapter Eight: Acute GvHD Prophylaxis**  
A. Background  
B. Overview of Treatment  
C. AGVHD Prophylaxis  

IX. **Chapter Nine: Acute GvHD Therapy**  
A. GVHD Therapy  
B. Example of Weekly Flow Sheet  

X. **Chapter Ten: Chronic GvHD**  
A. Evaluation  
B. Therapy  

XI. **Chapter Eleven: Regimen-Related Toxicity**  
A. Suggested Toxicity Criteria  
B. Pulmonary Toxicity  
C. Suggested Management of Diarrhea  
D. Pain Management  

XII. **Chapter Twelve: Post-Transplant Evaluation**  
A. Day +100  
B. One Year  
C. CIBMTR Reporting Forms and Requirements  
D. Immunization Schedule  

XIII. **Chapter Thirteen: Stem Cell Donors**  
A. Donor Selection Criteria
B. Donor Consent Forms
C. Notification of Referring MD of Abnormal Donor Labs
D. Notification of Donor of Abnormal Labs

XIV. Chapter Fourteen: Administration of Chemotherapy
   A. Ordering Routine Chemotherapy
   B. Ordering High-Dose Chemotherapy
   C. Consent for Administration of Chemotherapy
   D. Chemotherapy Sticker Procedures
   E. Errors in Administering Chemotherapy
   F. Calculation of Weight and BSA

XV. Fifteen: Care of Marrow Donor
    A. Donor Clearance
    B. Collection
    C. Discharge Instructions
    D. Follow-Up
    E. Adverse Events
    F. Authors
    G. Attachments
